CAR SEAT SAFETY
All children must use a car seat, booster seat or seat belt.

- Always have children ride in a back seat and never in front of an airbag.
- Make sure your car seat has all of its parts, labels and instructions and has never been in a crash.
- Buckle up on every ride using the right car seat, booster seat or seat belt for each person’s age and size.
- Follow the instructions for your car and car seat so that your child is buckled in right and tight.
- Never leave your child alone in a car.
