

### ACE Academy Post-Program Evaluation with Community Partner

#### Questions related to the **structure** of the program partnership

##### Goals:

- 1) How did the HIPRC series of presentations go for ACE Academy as a program?
  - a. Some of the learning objectives / goals from ACE were to provide an engaging content presentation that focused on prevention on important injury and violence topics –
    - i. Do you feel like we met these goals? And if not – what might we want to change to accomplish those goals?
  - b. Could you share the overall perception of how the presentations landed with the students?
  - c. Are these the right topics for this age group – should we change topics or talk about them differently?
- 2) One of the goals was to have men of color presenting – were the presenters that we chose the kind of presenters that you were looking for? (Were the women of color presenters okay?)

##### Resources:

- 1) One of the elements of the presentations was to provide resource sheets – How appropriate were those resources that we gave to the students?
- 2) Were these presentations helpful to ACE Academy / students?

##### Authority:

- 1) Did you feel like we had the kind of relationship that allowed you to provide input into the HIPRC presentations (content, structure, goals, etc.)?

##### Accountability:

- 1) Are there ways we could provide more information to ACE about the outcomes of the program - (Answers to original questions, evaluation results)?
  - a. What would the timeframe for this be?

#### Questions related to the **process** of the program partnership

##### Engagement:

- 1) What went well/could be improved?
  - a. In terms of the students
  - b. In terms of ACE Academy staff and interns
- 2) Would this program be something to continue next year?
  - a. What about the school year program? Could you share a little more about this program if you think it might be a good fit.
  - b. What about the younger students?
    - i. It would likely include a different curriculum
- 3) Would it be beneficial to partner with the teachers during the presentations?

Communication:

- 1) What went well/could be improved?
  - a. communication in general
  - b. materials (drop off / pick up)

Adaptation:

- 1) Structural – scheduling flexibility – is that okay to have different scheduling needs?
