

Rising Voices Changing Coasts

Summer Internship

RVCC is recruiting Native students for a 8-week summer internship opportunity in which undergraduates and graduate students participate in understanding and addressing climate impacts in one of RVCC hub sites; Hawaii, Alaska, Louisiana, or Puerto Rico.

- Introduction to the roles and impacts of research in supporting Indigenous Peoples in their adaptive responses to climate challenges
- Learn about the research interests and responsibilities of scientists in their climate research capacities in the classroom and on site
- Receive introductions to climate science projects from indigenous and non-indigenous research scientists
- Work with a diverse set of teachers and mentors supporting participants understanding of climate change centering Indigenous knowledge and perspectives.
- Potential to participate in more than one summer to participate in all sites and publish with faculty of the program
- Career and professional development opportunities supporting students interests towards a professional career in climate change work.

**Program dates are
May 19 – July 20, 2024**

Priority consideration to applications received by **Feb. 16, 2023**, and accepted afterward until full.

Four weeks at Haskell Indian Nations University, week and a half on site in ALASKA, and two weeks at home finishing writing projects

Interns will receive stipends totaling \$3,840.00 for eight weeks.

Limited opportunity for a select few to do multiple years and coauthor on publication.

For questions and get on email list for announcement contact Paulette Blanchard, PhD
pblanchard@haskellfoundation.org

RVCC is a NSF Coasts and People Grants #2103843 in partnership with the Haskell Foundation and Haskell Indian Nations University
